ICAC Task Force E-Mail List Guidelines

The purpose of this e-mail distribution list is to provide an easy-to-use means for individuals affiliated with the ICAC Task Force to communicate with each other in an effort to share knowledge and tap into the resources that the Task Force has to offer on a national level.

This is a closed list. You must be approved by your Regional Task Force Commander to subscribe. All subscribe and unsubscribe requests are processed online via the ICAC Task Force Website. Regional Task Force Commanders will be notified as requests for access are submitted and will be asked to approve each subscription.

In an effort to maintain confidentiality of potentially sensitive information, we ask that only Task Force agency members or individuals from affiliated agencies who have a signed MOUs with their Regional Task Force request access for participation on the list. Other individuals may be considered on a case-by-case basis. The ICAC Task Force National Training Program maintains the subscriber list and monitors all communication prior to distribution to the list. ICAC Commanders will be contacted periodically to ensure that the list subscribers for which they are responsible are current.

You may post messages to the list by sending an e-mail to the following e-mail address:

members@lists.icactaskforce.org

When posting messages to the list, please observe these rules:

1) When responding to another posting, unless it is something that will benefit everyone, please send your messages directly to the person OFF LIST.

2) You may post questions, responses, helpful ideas, upcoming training notices, or case information that will benefit everyone. Please limit postings of articles unless they are particularly noteworthy and may be applicable to all subscribers. Do not use this space for unrelated information, chain e-mails or advertisements. Only post case related information if the case is one which is unusual and would benefit everyone.

3) Never forward an e-mail you receive from the list to a non-subscriber without permission from the person who posted the original message.

4) Please add your return response email address to the bottom of your message.

5) Posts should not include personally identifiable information on a subject. A suspect's name, date of birth, & physical address cannot be combined in one post.

If you have any questions, please e-mail Gen Croasdale at croasdal@fvtc.edu
