Call for Presentations

2024 Wisconsin ICAC Conference On Missing & Exploited Children
April 16-18, 2024, Hilton Paper Valley, Appleton, WI

The Wisconsin ICAC Conference is designed for all ICAC Task Force members and affiliate agencies. The purpose of this conference is to provide nationwide training to expand the efforts, knowledge-base and further enhance the skills of law enforcement investigators who are combating the online sexual exploitation of children. Conference sessions will highlight critical topics for multidisciplinary teams, advanced investigative techniques, digital forensics, victim services, investigating missing children, Child Abduction Response Team (CART) formation, mental wellness and open-source intelligence methods.

The Wisconsin ICAC Conference has typically had over 200 attendees which include patrol officers, school resource offices, investigators, non-sworn support staff, victim advocates, child advocacy center staff, Department of Corrections, criminal analysts and digital forensic examiners. This year we are expecting over 250 participants.

The Wisconsin ICAC Task Force is seeking proposals for lectures, seminars, and/or hands on workshop presentations to address the unique challenges faced by ICAC investigators. We encourage presentations that highlight not only successful investigations, but also lessons learned from failures. We seek submissions that will facilitate audience engagement, including but not limited to: hands-on-instruction, impactful case studies, evidence-based practices, multidisciplinary approaches to investigations, and/or advanced investigative techniques.

Presenters will be responsible for travel, incidentals, and lodging.

Please include in your proposal:

- Names of presenter(s)
- Name of session
- Length of session (75 minute or 150 minute)
- Description of session to include learning objectives.
- Will you need a computer lab for this? (There will be some limited availability of a computer lab)

Please submit your proposals to Special Agent in Charge Jesse Crowe at crowejj@doj.state.wi.us by January 8, 2024. Notifications to selected proposals will be made by February 2, 2024.
